

SPORT, RACE & LOGISTICS (WITHIN THE HARROGATE AREA)

- **Branding Protection:** *As part of this role, you'll be working with the wider Branding and Marketing team within Harrogate, preventing and reacting to any 'ambush' marketing (signage, branding etc that should not be used or allowed at the event).*
- **Doping Control Chaperones:** *Anti-Doping Chaperones will be responsible for escorting riders' post-race to the medical centre, for their doping tests. You will work with CADF representatives and the medical team to ensure that each rider is escorted safely, and in a timely fashion before their race presentations and returning to their teams. You will be expected to be professional and polite during your shifts when working with the riders.*
- **Medical Services Assistant:** *You'll be working with the medical services team with any adhoc requests whilst also providing extra assistance to the Anti-Doping team.*
- **Technology Support:** *You'll be on standby throughout the time of the UCI Road World Championships assisting with the general set and maintenance of AV equipment, IT equipment and be on call for any general troubleshooting queries occurring at each site around Harrogate.*
- **UCI Services:** *A hugely varied role, no day will be the same! This role includes working on the UCI HQ welcome desk at the HIC centre, being at the official hotel, assisting with the running and presentation of the official UCI Junior Congress, and being on hand to support the Protocol Manager, throughout the UCI's Observer Tour, Congress Dinner and creating and distributing delegate bags.*
- **Troubleshooting Team:** *Shared between the Volunteer Team and the Championship Services team, you'll be on call for any specific/adhoc requests that are required from each team. You'll also help to deliver and maintain high levels of service throughout all pre-race and during race days.*
- **Economic Impact:** *Another hugely varied role, you'll be working alongside Ernst & Young, the official economic impact team to the UCI. You'll be engaging with thousands of visitors every day to understand why they have visited Yorkshire, and gather information from them which will contribute to the final report about the 2019 UCI Road World Championships visiting Yorkshire.*

- **Tissot Timing and Results:** *As the official time result keepers to the UCI Road World Championships, you'll be working on the team at the starts, at intermediate points and at the finish line in the timing room, recording the official timings of riders throughout each race. You'll also be working with the team fit and apply GPS transponders to official vehicles, and also be responsible for helping with the collection of these pieces of kit.*
- **Feed Stations:** *Based along a key section of the route, alongside the official teams you'll be working to ensure each zone is clean and clear before, during and after each rider comes through. You'll also be assisting to supply riders with vital nutrition products and water.*
- **Finish Town Sports Team:** *Based directly on the finish line, you'll be responsible for rider welfare e.g. handing them water and towels, guiding riders to the 'mixed zone' (housing all post-race journalists) and providing general wayfinding and assistance for the riders and team during their time in and around the finish line.*
- **Para-Cycling International:** *Based on the 21st September at the ground-breaking showcase of para-cycling, you'll be assisting with the rider sign on presentation, general assistance at the each start town (Beverley, Tadcaster, and Wetherby), assisting with equipment checks and assist with pre-race wayfinding around each start town.*
- **Accreditation control:** *This role will see you assist with paid stewards on areas such as back of house, the finish line, and any other official accredited UCI area to ensure the correctly accreditation people can access each specific area, which is vitally important during the championships time.*
